What is this product?

Type: Shares of a Sub-Fund of Amundi Index Solutions, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: The Sub-Fund is an index-tracking UCITS passively managed.

The investment objective of the Fund is to reflect the performance, whether positive or negative, of the FTSE Eurozone Target Maturity Government Bond Italy (Mid Price) Index (the "Index") denominated in EUR, which is representative of Italian sovereign bonds having a target residual maturity of 10 years while minimizing the volatility of the difference between the return of the Fund and the return of the Benchmark Index (the "Tracking Error").

The anticipated level of the tracking error, under normal market conditions, is indicated in the prospectus of the Sub-Fund.

Additional information about the Benchmark Index can be found at www.ftse.com.

The Sub-Fund seeks to achieve its objective via a direct replication, by investing primarily in the securities comprising the Index.

To optimize the Index replication, the Sub-Fund may use a sampling replication strategy, and may also be engaged in secured securities lending.

Updated composition of the Sub-Fund holdings is available on www.amundiief.com.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period with the ability to bear losses up to the amount invested.

Redemption and Dealing: The Sub-Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, you may deal in shares during the trading hours of the stock exchanges. Only authorised participants (e.g., selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the Amundi Index Solutions prospectus.

Distribution policy: As this is a non-distributing share class, investment income is reinvested. The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

More Information: You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Luxembourg S.A. at 5, allée Scheffer 2520 Luxembourg, Luxembourg.
